_maintenance

_WOOD

To maintain the natural wood features and protect them from mechanical and chemical wear, the veneered surfaces are coated with a high-quality transparent varnish. Do not use acid or alkaline detergents, agents with bleaching additives, abrasive powders, steel wool, sponges or the like. Anything hot or humid can cause surface damage. Remove dirt and liquids immediately.

For the cleaning and care, it is best to use a soft, dry cloth. If necessary, the cloth can be slightly dampened and dipped in neutral detergent thoroughly diluted in water. The cloth should only be slightly damp to avoid discoloration or swelling of the surface. Finally, it is essential to gently rub dry surfaces, so that there is no residual moisture.

LEGNO

Per mantenere il carattere naturale del legno e proteggerlo dall'usura meccanica e chimica, le superfici impiallacciate sono rivestite con una vernice trasparente di alta qualità. Non usare detergenti acidi o alcalini, agenti con additivi sbiancanti, polveri abrasive, lana d'acciaio, spugne o simili. Qualsiasi cosa calda o umida può causare danni alla superficie. Rimuovere immediatamente sporco e liquidi. Per la pulizia e la cura, è preferibile utilizzare un panno morbido e asciutto. Eventualmente il panno può essere leggermente inumidito ed intinto in detergente neutro abbondantemente diluito in acqua. Il panno deve essere solo leggermente umido, per evitare scolorimenti o rigonfiamenti della superficie. È infine essenziale strofinare gentilmente le superfici asciutte, in modo che non sussista umidità residua.

_maintenance

**PAINTS, LACQUERINGS AND
SPECIAL FINISHES**

Do not use acid or alkaline detergents, agents with bleaching additives, abrasive powders, steel wool, sponges or the like. Do not use furniture polish or solvents to care for painted surfaces. Anything hot or humid can cause surface damage. Pointed or sharp objects, such as blades or knives, can cause damage to the surface. For the cleaning and care, regularly wipe the surfaces with a clean, soft, lint-free cloth to remove dust while avoiding abrasion. For soft-finish painted surfaces, use a soft, lint-free, slightly damp cloth. If heavily soiled, painted surfaces can be cleaned with a neutral, silicone-free detergent. Finally, it is essential to gently rub dry surfaces, so that there is no residual moisture.

**TINTE, LACCATURE E FINITURE
SPECIALI**

Non usare detergenti acidi o alcalini, agenti con additivi sbiancanti, polveri abrasive, lana d'acciaio, spugne o simili. Non utilizzare lucidi per mobili o solventi per la cura delle superfici verniciate. Qualsiasi cosa calda o umida può causare danni alla superficie. Oggetti appuntiti o taglienti, come lame o coltelli, possono causare danni alla superficie.

Per la pulizia e la cura, pulire regolarmente le superfici con un panno pulito, morbido e privo di lanugine per rimuovere la polvere evitando l'abrasione. Per le superfici verniciate con finitura morbida, utilizzare un panno soffice, privo di lanugine e leggermente umido. Se molto sporche, le superfici verniciate possono essere pulite con un detergente neutro privo di silicone. È infine essenziale strofinare gentilmente le superfici asciutte, in modo che non sussista umidità residua.
