These sculptural and sensual tables, named after Freyja, a Scandinavian goddess of love and beauty, evoke warmth, cosiness, and tranquility.

The aspiration was to design a very simple but simultaneously voluminous silhouette which would charm from every angle and add a welcoming, timeless feel to any space.

A warm and tactile wood enhances the visual perception of the table's sculptural silhouette and immediately brings a feeling of homeliness to the interior.

The Freyja Coffee Table is available in three heights and can be made in several kinds of wood to ensure it can be used in any interior. It perfectly complements seating from NOOM's Flock and Hello collections.
